

Producing Solutions Yesterday, Today and Tomorrow

April 1, 2010

To Our Valued Customer:

Our industry is experiencing cost increases in freight, utility, labor, and resins. DFW has been proactive in taking measures to minimize these costs and to provide quality products.

However, effective **May 1st**, DFW must issue a price increase on the **A, B, C, F, G, H, & P SERIES** products to help offset the increasing costs. You will be able to access the new May 1st Price List for all Series after April 25th at www.dfwplasticsinc.com.

All orders that ship by April 30th will be invoiced at current pricing levels. Any orders shipped after April 30th will be priced at the May 1st pricing.

We appreciate your business and look forward to a successful year in 2010. If you have any questions please feel free to contact myself or your local DFW representative.

Best regards,

Jim McKinnon
